

Project Update

Fort McMurray Continuing Care Centre (Willow Square)

Overview

- The 144 bed Willow Square Continuing Care Centre is scheduled to start construction in early spring (2018).
- In response to a Request for Proposal (RFP), three proponent groups are developing proposals for the design, construction schedule, and project budget.
- The evaluation committee will evaluate the three proposals and award the contract to the successful proponent.
- It is expected that construction will be completed in early 2020.
- When completed, Fort McMurray will have a modern continuing care centre at Willow Square, that will meet their needs now and well into the future.
- In addition to the Continuing Care Centre, the Regional Municipality of Wood Buffalo and local stakeholders are developing an aging-in-place component on the Willow Square site.

Status
